## Google Classroom

Dear Parents and Caregivers,

The online platform Years 3-6 students will be Google Classroom. This is a guide to help you get your child using Google Classroom at home. Stage 3 students already use Google Classroom as part of their learning and Stage 2 students were shown how to access this platform last week.

### Step 1

1. Log onto the student portal at [education.nsw.gov.au](http://education.nsw.gov.au)

Select 'Student Portal'

#### Login with your DoE account

User ID

Example: Jane.citizen1

Password

Log in

[Forgot your password?](#)

Have trouble logging in?

[Help for DoE staff](#)

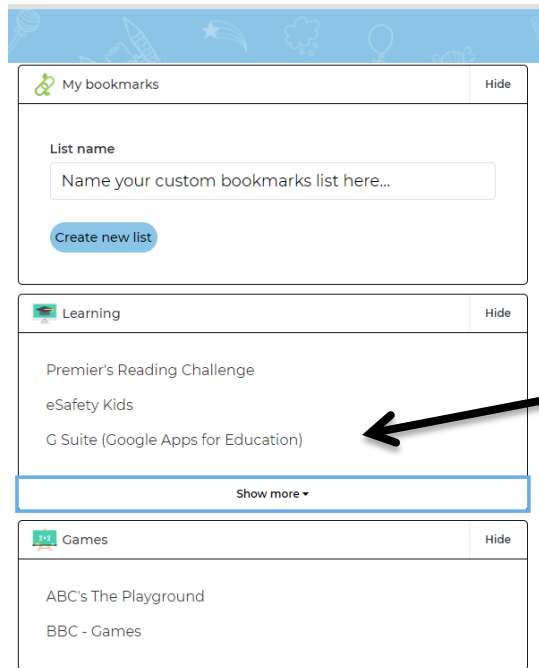

Type in student username and password. The username will be first name.last name and may include a number. For example, dean.waugh5

The password will be a year group or class or students may have changed it.

For example, year 3 or 3j

## Step 2

Go to the 'Learning Tab' and select 'G Suite (Google Apps for Education)'

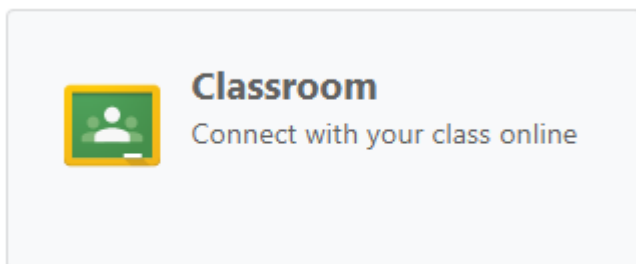

In the 'Learning Tab' select 'G Suite (Google Apps for Education)'

If the 'G Suite' is not there select the 'Show more' button to reveal the additional options.

## Step 3

Select 'Classroom' from the list of apps

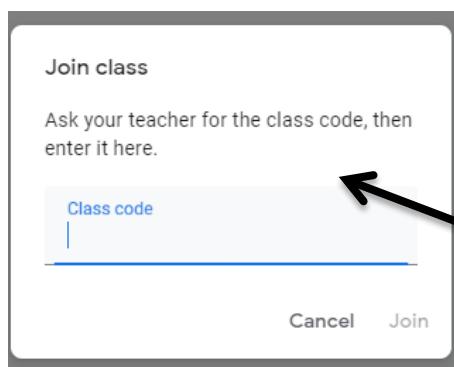

## Step 4

Your child may already be a member of a class. If so the class will show up and they can choose to go into the classroom. If they have not yet joined a class they will need to add themselves to a class using a code that has been provided.

Google Classroom

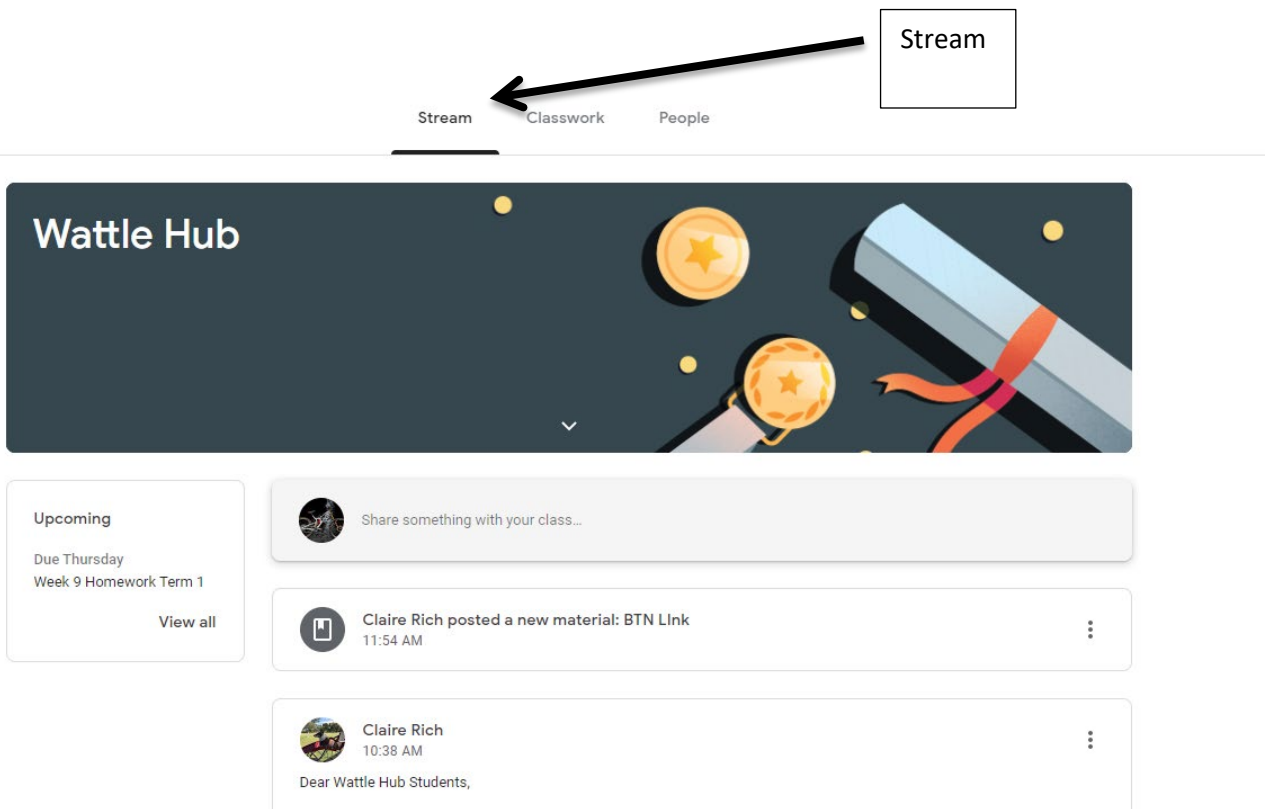

Select the + button up the top right of Google Classroom to join a class

Type the class code in here

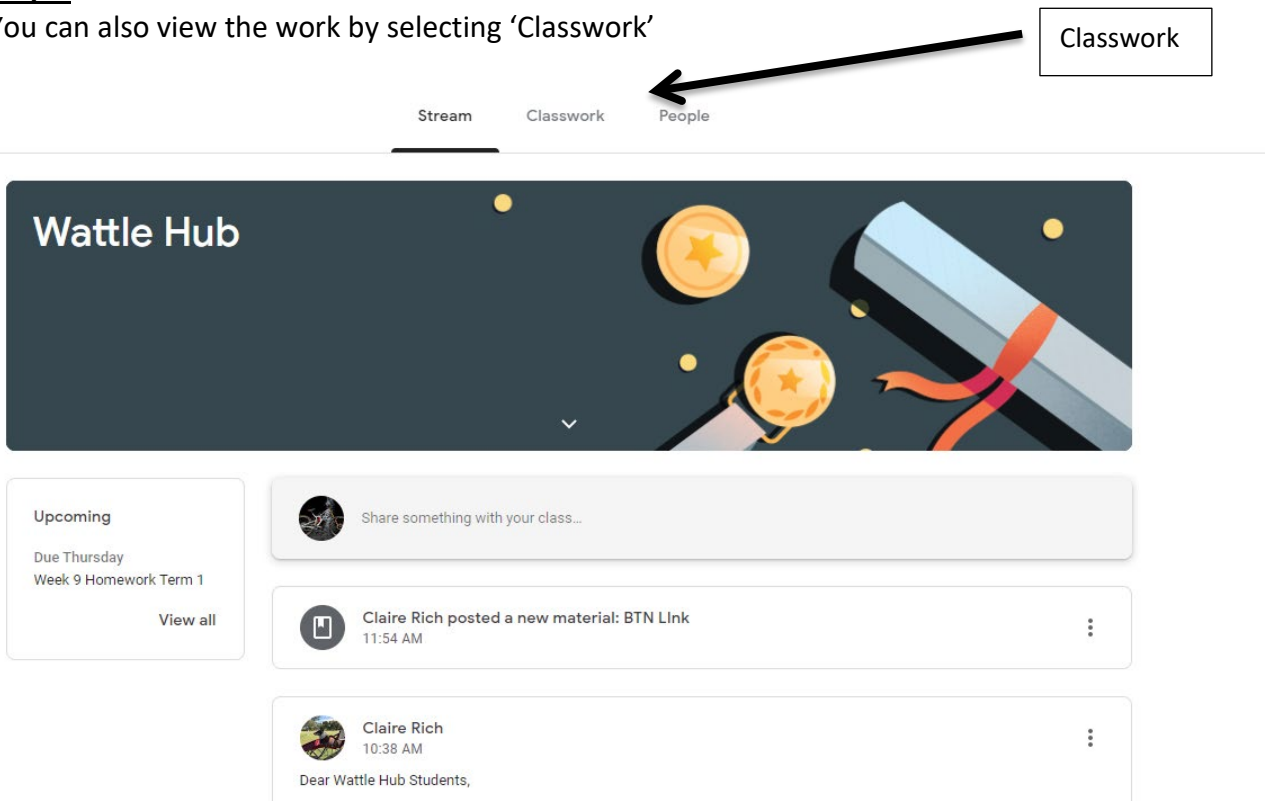

## Step 5

Within Google Classroom it will always open onto the 'Stream' which shows the latest posts by students and teachers. Often there will be posts up the top from the teacher.

## Step 6

You can also view the work by selecting 'Classwork'

View your work Google Calendar Class Drive folder

The classwork will open up under the different sections. You can open a task by clicking on a task.

**Step 7**

Once in a task there will be instructions on what is required to be done. Sometimes there will be an attachment to open. The attachments may open up a Google Slide or Google Doc with instructions on what to complete. Students can complete their component of the work.

*Spatial meaning is delivered through design of spaces, using choices of spatial resources including: scale, proximity (closeness), boundaries, direction, layout, and organisation of objects in the space. Space extends from design of the page in a book, a page in a graphic novel (e.g. Narwhal, Phoebe Unicorn) or comic (e.g. Young Gods, Marvel: Iron Man), a webpage on the screen, framing shots in moving image, to the design of a room, architecture, streetscapes, and landscapes.*

This task has the instructions on what to complete and the students type into this document and their work saves for the teacher.
